Hackettstown Boundary

Wetland Area

Land Type

- Building
- Dry Mesic Inland Mixed Oak Forest
- Inland Graminoid Marsh
- Inland Red Maple Swamp
- Maintained Grass
- Pavement
- Planted White Pine Forest

Note: Land type data was not available for the north section of the site. The Hackettstown Armory property boundary was heads-up digitized.

Land Vegetation Area

Land Type

- Building
- Dry Mesic Inland Mixed Oak Forest
- Maintained Grass
- Marshy Wet Weather Conveyance
- Open Field
- Pavement
- Site Area

Note: The upper bound of the Little Shabakunk Creek was heads-up digitized as was the box turtle location. GLIN surveys were also done for two spring areas and tributaries in the southwest corner of the property, although these surveys were not recorded on datasheets.
